

Announcement - April 25, 2024

This Announcement pertains to the CMBI Multi-Asset Index Family with a focus on the CMBI 10 Index

Conclusion from Consultation on proposal to select constituents of the CMBI 10 in order of their Adjusted Free-Float Market Cap.

Coin Metrics announced today following the consultation on the proposal to select constituents of the CMBI 10 Index in order of their Adjusted Free Float Market Cap. Despite the request for constructive feedback from market participants, no responses were received. This lack of response indicates a level of confidence in the proposed approach.

As proposed Coin Metrics will select constituents of the CMBI 10 Index in order of their Adjusted Free Float Market Cap. Coin Metrics will implement this change starting from the May index review

The updated CMBI Multi-Asset Index Methodology which reflects the above mentioned change is available <https://coinmetrics.io/cmbi-multi-asset-series-methodology>

This announcement is for the CMBI Multi Asset Index Methodology
